Stresses Security Of Nation Johnson Also Asks No Further Cuts

WASHINGTON (AP) - President Eisenhower hinted broadly today he might call a special session of Congress if he is denied the authority he wants for foreign aid spending.

Eisenhower was asked at his news conference for comment on the Senate's action in voting to cut his mutual assistance request by 3831/2 million dollars.

To Use All Powers

The President said he is going to use all of his persuasive powers bers of Congress they will be ignoring the security of the nation and the vital interests of the free world if they reduce foreign aid

In many instances, Eisenhower said, it is possible to get sufficient appropriations later if Congress ails originally to provide enough funds to carry on the program.

Lions Hear Talk On Problems of Small Businesses

Eighty per cent of the working population are employed by some 4,000,000 small businesses, Lauren K. Woods, district manager of the National Federation of Independent Business, told the Kingston Lions Club at its Tuesday luncheon meeting in the Governor Clinton Hotel.

A "small" business is defined as one employing fewer than 500

He said it is the "small" businesses which make up the major portion of the nation's economy. The average small business in the United States today is in

trouble because of rising costs and diminishing profits, he said. In 1948 a total of 5,000 small firms went out of business, whereas in 1958 a total of 30,-000 went into bankruptcy proceedings.

Woods said many small businesses were indifferent to the things which are causing them to go out of business. What can they do?

1. They can make their feelings known to their representatives on local, state and national fect their interests.

2. They can cast aside indif- death.

AMERICA'S

Take it, not from us, but from official results of this year's Mobilgas Economy Run: Chevy's pennypinching 6 delivers the most miles per gallon in its field. For a pair of these Chevrolet sixes with Powerglide walked away with the first two places in their class, getting the best mpg figure-a whopping 22.38-of any full-size car. And here are more expert, impartial opinions and on-the-record facts backing us up on Chevy's other six bests:

BEST TRADE-IN

Check the figures in any N.A.D.A.* Guide Book. Chevrolet used car prices last year averaged up to \$128 higher than comparable models of the "other two."

BEST STYLE

It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

BEST BRAKES

In direct competitive tests of repeated stops from highway speeds, conducted by NASCARt, Chevrolet out-stopped both of the other leading low-priced cars-and why not: Chevy brakes are far larger, built with bonded linings, to help lengthen brake life by as much as

BEST ROOM

Official dimensions reported to A.M.A.‡ make this clear. For example, Chevy front seat hip room is up to 5.9 inches wider than comparable cars.

BEST ENGINE

Every motor magazine has given

V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed this device is surely the most wonderfully responsive engine available today at any price."

BEST RIDE

MOTOR TREND magazine calls Chevy ". . . the smoothest, most quiet, softest riding car in its price class." You'll be able to tell this yourself, instantly. And your Chevrolet dealer can tell you about a long list of other advantages besides these 7 big ones!

The plan was presented the governor Monday by a Rockefeller task force appointed to find ways to protect people against the hazards of fallout in the event of a nuclear war.

Rockefeller has said the recommendations need full study and

The governor, here for two speaking engagements, told newsmen he was planning to put some sort of a shelter in the Executive Mansion in Albany, but he would give no details.

Rockefeller has asked the state's congressional delegation to study the bomb-shelter proposals. Tuesday, Sen. Jacob K. Javits (R-NY) said Rockefeller "has given real and needed leadership.

He said he was prepared to propose congressional action if it is needed to enable state to work out a program. At Schroon Lake, L. Judson

ASKING GUESTS TO CON-TRIBUTE TOWARD A TELE-VISION SET

Dear Mrs. Post: My husband's parents will be celebrating their golden wedding anniversary in two months. My husband and I would like to give a reception for them and invite their closest relatives and dearest friends. The only real enjoyment they have is their television set which is old and not working too well. They could really use a new one. Would it be permissible to enclose a note in with the invitations asking the guests (whom I am sure will all send presents) to put the money they might spend on a gift, in an envelope so they could later use it to buy a new television set? My fatherin-law is retired and they are living on his pension, which is not very large, and it would be a hardship for them to buy a new set themselves. Answer: I am very sorry, but

it will not be proper to ask your guests to give money instead of presents of their choice.

Inviting the Divorced

Vaughn Quizzed **About Rosendale Assessment Error**

Mildred Roberts, vice-president of the Village of Rosendale were attired in gowns similar to Taxpayers Association, Inc., has the maid of honor in shades of taken issue with Mayor J. W. Vaughn in regard to an "error" in the village assessment roll which it was said would be corrected and "in the neighborhood" of \$4 per thousand of assessed valuation be refunded to those who have paid their village tax at the higher rate.

Alleging that the overassessment was \$9 per thousand, she asks "what happens to the extra \$5 per thousand?

In a statement issued to The Freeman today, Vice-president Roberts inquires into the matter in the following manner:

"In the July 7, 1959 issue of The Kingston Daily Freeman the Mayor promised a refund to the taxpayers to correct the 'error' in overtaxing and the use of the wrong tax rate. However, the overassessment was \$9 per thousand. Mayor Vaughan now states that he intends to refund at the rate of \$4 per thousand. What happens to the extra \$5 per thousand. Mayor Vaughn states that the rate is now \$45 per thousand, but last year it was only \$40 per thousand, and he has stated there was only a negligible increase of a few pennies in the rate. Why must the taxpayers pay \$5 per thousand to cover a total budget increase of \$78. Is a \$5 per thousand increase in the tax rate what Mayor Vaughn calls 'about the same as last year'? What is to be done with the additional money, and will our refund be less than half of the overpay-
